

Literacy & English

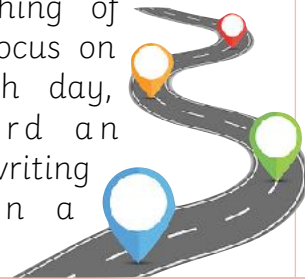

Reading

P4 will be focusing on Reading for Enjoyment and learning how to engage with the Accelerated Reader programme. Each pupil will have a personal reading target, linked to books of their choice.

Writing

We are exploring different ways to enhance the teaching of Writing. We will focus on writing tasks each day, building toward an extended piece of writing about going on a journey.

Listening & Talking

As part of Remembrance commemorations, we will select and recite poems regarding the First World War. We will look at how to pace ourselves and use different inflections.

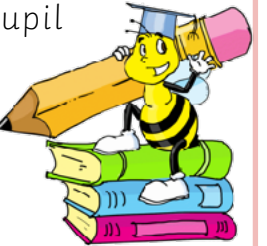

Grammar

In grammar, we will introduce adverbs and the correct punctuation for direct speech.

Spelling

Spelling word this period will be selected individually from Common Words. Pupil work only on words they spelt incorrectly on an assessment at the start of the Period.

Health & Wellbeing

Primary 4 look at the Highway Code, and the Green Cross Code, focusing specifically on road safety.

Physical Education

In P.E., we will work on our fitness for 2 weeks before looking at racquet control, forehand, backhand and mini-games in tennis.

Mathematics

In maths, we will build on our knowledge of written method of addition and apply this to subtraction. Following this, we will focus on learning linked to fractions. This will include learning the terms numerator and denominator and exploring common equivalent fractions. Additionally, we will build our knowledge of data handling and complete a traffic survey on the A68.

Period 3
Primary 4
Transport

Tues 23rd Oct 2018
to
Fri 30th Nov 2018

Expressive Arts

Drama

Pupils will use drama to build their understanding of stories we read together to support our writing focus.

Art & Design

Pupils will have weekly art lessons with Miss Goodwin this period.

Music

We will use the glockenspiel to compose our own musical melodies in a range of styles, using our knowledge gained last Period.

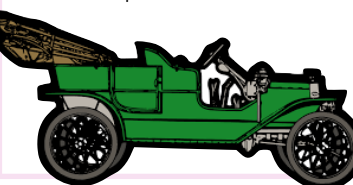

Technologies

Primary 4 will continue to use digital technology in our classroom to enhance our lessons. Additionally, we will focus on the design and engineering aspects of this area of the curriculum, looking at future transport technologies and designing and constructing a model vehicle.

Class Information

Primary 3 and Primary 4 are both exploring the theme of 'Transport' as their focus this period. We will work together on a range of activities to enhance our learning.

RME

We will not focus specifically on this area of the curriculum in Period 3.

Sciences

Pupils will explore the forces which make an object move, speed up or slow down, including discussing gravity and friction. We will conduct a series of experiments to test this. We will also discuss different source of energy for different vehicles.

Social Studies

During our topic, we will examine the history of transport and compare older methods with today. We will explore transport options in our local area, including public transport, and answer the questions of why road and rail transport are important.
